# Foreword and Dedication

THESE ARE THE STUDENTS at the University of Toledo. Like other university students, they drink too much, dream too much, and never have any money. But they have high ideals. They don't study enough during the semester and cram too much at the end. They cut too many classes, yet hate to be dropped. And they're always ready to give an opinion . . . on anything. They have the courage and determination:

To get a three point in . . . September,
to be able to pull a two point . . . in November,
and be happy with a one point . . . in January.

This year we have attempted to capture these impressions and many others. We have attempted to narrate the entire year. And between the lines you may find the typical antics of the college student in this happy, unpredictable era of trench coats and crew necks.

Therefore, it is to the students that we dedicate the 1957 Blockhouse.

THE CAMPUS . . . impressions of individuals, groups, and friends . . . conceptions of philosophy, religion, and ball teams . . . glimpses of personalities, ideas, and classes. Struggling, cramming, clowning, partying, a college student makes his path through four years. His life is sleepless, sometimes disappointing, uncertain, and yet ever joyous. Here is the vibrant, shiny individual who can mend the world's mistakes in a half hour. He learns a meaning of love, beer, charged words, and eight cents.

CONVERSATIONS . . . about that practice set that almost didn't get done . . . about the shot that won the Niagara game . . . about the Union we may get someday . . . about grades we wish we were making. The college spots, always a reminder of our school.

THE EXTERIOR, our façade of impressions, a shiny mantle with a small mar . . . a taste of Wordsworth, end runs, Kenton, alcohol, pretzels and mustard, work, love. Life is the dream world of the idealist; thoughts of the freshman who is impressed with the newness and disappointed with the laxity. This is his world, he studies, clowns, plays . . . he races to work. He sees profs with red plaid ties, girls with droopy kneesocks; hears giggles in the library, the pling on the pay-as-you-go typewriter as it runs out of time; and knows all.

THE INTERIOR . . . faces, classes, friendships . . . second level confusion, quick naps in a convenient corner . . . starting with Freshman Week and going to the end of desire. Sounds . . . a raucous Union, an austere Library, the Belefontes, the Kentons of the Music Room, muffled footsteps through the night-filled halls. Clubs, fraternities, publications, theater: all these offered within the environment of these great, gray walls. Our paths blend in and out of many fields, and departing from this, our University, we have known happiness, realized maturity, and were the better for having made contact with her.

"THE CAMPUS AND ITS HAPPENINGS . . . a release from the grind of studying and classes. The hours we spent in the Union sitting with our friends discussing things far removed from the lecture that we just heard or the exam we just flunked. The warm spring day when we sat on Wolf Hill for the first time since winter set in. We stood in line for a cup of Olga's coffee and didn't seem to mind, but protested vigorously about standing in line to register. Sometimes we got fed up with everything in general, so we took an afternoon jaunt to LeRoy's to get away from it all. But we always returned to the Campus with its familiar faces and sounds. We saw these faces and heard the sounds, but seldom did we realize that this, our Campus and its happenings, is the essence of 'college life.'"

# A DAY IN THE LIFE OF A UNIVERSITY

LIFE STARTED at 7:50 A.M. Lines of traffic, from Cheltenham down Bancroft, filtered down to the lower parking lot. A few brave souls, who never learned, always tried the upper lot.

Another day began with the race across the parking lot to class. Conversation was caught in short phrases:

"I'll do that homework tomorrow." "Guttman got 27 Saturday night." "I didn't think he'd ever let us out." "That damn combine."

The lecture halls, the labs, the seminars started the day's scholarly motion. Throughout these periods, wisdom, passive interest, sleep and fascination were seen. Classroom followed classroom, and, by 11, the Union and cafeteria were a welcome relief. A hot cup of coffee, a sandwich and talk of the day filled both rooms. The food just was, talk fair, and friends great.

WE FINISHED classes and our 3,000 students took their separate paths. Some to work, some to study and some to clown.

One thing no one lacked was something to do. The sorority apartments took a good-sized group for cards, conversation and sleep. Some went to LeRoys. Most of us went to work.

NIGHT BROUGHT QUIET. The end of a day of work. The day had produced friendships, difficulties and homework. Out of the night came wisdom from homework done, determination from homework undone, and a belief that the prof was too rough.

MIXED EMOTIONS pervaded the occasion. Your sorority sister who won, your float that should have won, the ball game that was lost, added to the bustle of the festive show.

HOMECOMING 1956, the Falcon was burned at night. The next day he rode high, as he trounced the spirited Rockets. The parade featured the colorful fraternity and sorority floats, SAE's taking first place with "Cage the Falcon." The game with Bowling Green was lost 34-12. Miss Moore was named queen and ruled at the half-time ceremonies of the game. That night Jimmy Styier's band was featured. Homecoming is a time for festivities and Toledo's was not unusual. Work on the floats, tension about the queen, fun at the dance typified Homecoming, 1956.

The greeks worked weeks building chassis, covering surfaces, painting, and stuffing chicken wire. The results were produced and illustrated on Saturday morning.

Rabbits, falcons, cars and submarines were pulled down Bancroft through downtown and back out to school. A few collapsed, many had minor tragedies, but on the whole they were successfully beautiful. The members of Sigma Alpha Epsilon were the proud owners of the winning float, "Cage the Falcon."

CHRISTMAS MEANS VACATION, the big formal of the year and the first semester Blue Key tap. Typical of the many colorful Christmas formals was 1956's last social event of the year.

Rudolph Reindeers lined the dance floor as nearly a thousand students enjoyed the music of Jack Runyon.

The students were able to have their formal on campus — in the newly remodeled Field House.

The Blue Key tap provided excitement as potential prophets made predictions on the new members they thought would be chosen for the highest honor bestowed upon a male student — membership in the national men's leadership honorary. The Blue Key president, Bill Long, slowly read the activities of each candidate and announced that Bill Millman, John Ginther and Fred Gawecki were chosen.

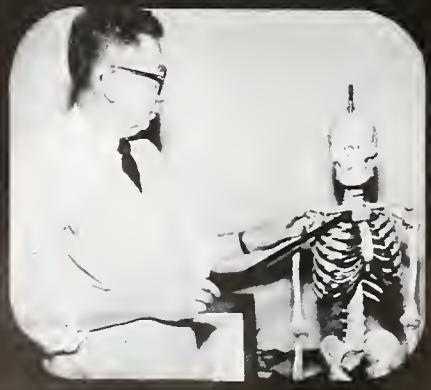
# TELEVISION AND EDUCATION



A new period in modern education has entered the University of Toledo. With the introduction of television lectures, the Biology department took on a new perspective.

Laboratory lectures and experiments in zoology were demonstrated through this new dimension.

With the advent of this new idea in education, students and professors rearranged their ideas of learning. The program was under the direction of Murray Stahl.

"GRECIAN GAIETY," an evening of dancing, games, entertainment, and voting for a king and queen opened Greek Week, 1957. Entertainment was provided by sorority and fraternity skits in the ROTC Armory.

Candidates for Greek Week king and queen were entered from each fraternity and sorority. The winners, Barb Jacob, Delta Delta Delta, and Dan Saunders, Tau Kappa Epsilon, reigned over the week's festivities.

Other events of the week were the sorority open houses, the IFC workshop, the Panhellenic workshop, the Sigma Pi Delta style show, a Greek Week service project, Men's Songfest at the Museum of Art Peristyle, and the annual "Grecian Holiday," sponsored by Alpha Epsilon Pi, at the Naval Armory.

Marcia Gerken and Jerry Leavitt were chairmen of Greek Week 1957.

STUDENT UNION BUILDING FOR

# UNIVERSITY DREAM REALIZED

This building illustrates progress, progress which was started by the students and reinforced by faculty guidance. The new Student Union will include a bowling alley, a large auditorium, a book store, a modern coffee shop, several small recreation rooms, and general offices for the faculty and the three publications: the Blockhouse, the Campus Collegian, and the Tower. The building was designed by Bellman, Gillett, and Richards, and will cost approximately one million dollars.

# WITH PLANS FOR NEW UNION

In 1954, the "Campus 100" committee circulated the necessary petitions to have a new Student Union, the plan being that each student pay six dollars per semester, added to the activities fee, to raise the needed money. The movement stirred the student body with such interest that more than 75 per cent signed the petitions which were passed around.

Paraphrasing the past, presenting the present, and facing the future, the students started the fund. A new Union was needed—soon this dream will be realized.

"WE WANT A TOUCHDOWN; we want a touchdown!' Often we screamed this phrase as we sat huddled together in the stands. Often we were disappointed. We didn't see many wins this year, but we saw good football played by tired boys. Too bad we didn't have any reserves to replace them. The Ohio U game was a thriller from the beginning; we thought we could never do it. And who could forget the Miami game when someone poured booze down one of the band's tubas. Basketball season came and we packed into the field house to see a last-three-second win over Niagara. We've seen better years, and we hope to see better ones to come. But winning is not the prime requisite. Sportsmanship and spirit are still way in the lead. These we had. And spirit filled the stands, not a winning team. But then, this is the essence of college life.'"

THE NIGHT OF THE BIG GAME, COACH MORTON GIVES LAST MINUTE INSTRUCTIONS TO ANXIOUS AND HOPEFUL ROCKETS

# Toledo Begins Season with 12-6 Loss to EK

THE TOLEDO UNIVERSITY ROCKETS opened the 1956 season by yielding to Eastern Kentucky, but showed an aggressive and exciting type of football. Enthusiastic fans, hopeful of a winning season, cheered wildly as the Toledo Rockets marched for the opening score early in the first quarter. EK recovered to tie the score and tallied again with five minutes remaining in the fourth period. The Rockers tried to strike back but time stopped the drive short of the goal line, ending the game in favor of the Maroons. Although the score read 12-6, the crowd felt the enthusiasm and team spirit conveyed by the Rockets. They looked again towards the future for a successful season.

ALL KNEEL IN SILENT PRAYER BEFORE FACING OPPOSITION

# Rockets Bow Again, Then Down Ohio U 19-13

DURING THE LOUISVILLE GAME, the Toledo Rockets not only lost the game by a 27-12 score, but also the services of two outstanding players in Gene Cook and Harry Korotky. Cook, who played first string end, fractured his left arm and Korotky, who played first string center, fell unconscious during the game. Both were out for the remainder of the season and lessened the already overtaxed depth of the team.

The Rockets scored early in the game to take a 6-0 lead, which they held at the end of the first quarter. The Cardinals sprang back to score two touchdowns in the second period followed by one in each the third and fourth. In the final period, Sam Tisci carried the ball into the end zone from the 11 ending TU's scoring.

Tasting their first and only victory of the season, the Rockets displayed the determination needed to win a football game in their 19-13 triumph over the Ohio University Bobcats.

The highlight of this determination was a goal-line stand followed by a 99 yard touchdown march with Don Wright going over from the 28 yard line. Toledo's second touchdown was credited to Willie McCants due to a bad OU center.

But Ohio University was not yet out. The Bobcats tied the score at 13-13 making it "do or die" for the Rockets. Clayton Umbles did it. Late in the fourth period, Umbles, with a jarring tackle, caused the Bobcat quarterback to fumble the ball. Toledo's Fred Morgan recovered and Roy Hodge scored the decisive touchdown.

BASICH TURNS CORNER EVADING DEFENSE FOR GAIN

# TU Defense Collapses Against Miami, WM

PLAYING ON A RAIN-DRENCHED FIELD, which proved to be the least of the worries, the Rockets engaged in a hard fought contest with the Miami Redskins. Even though upset-minded Toledo held them to a 14-14 tie for three quarters, Miami, with powerful reserve strength, finally overcame the TU Rockets by scoring three times in the final period and won the game, 33-14.

A spirited but optimistic TU team traveled to meet the Western Michigan Broncos only to return disappointed, again, with a 26-15 loss. WM gained an early 19-2 lead which they held for three quarters, when two quick touchdowns put the Rockets only four points behind, 19-15. The rally failed, however, and WM scored again late in the fourth period to take the game.

# BG, KSU Massacre Toledo by 34-12, 52-6

BEFORE AN AUDIENCE OF 5,500 hopeful Homecoming fans, the Toledo Rockets staged a stubborn battle against the Bowling Green Falcons, which kept them within striking distance of a victory until the "fatal fourth." Although Dick Basich, Roy Hodge, Ed Kaser, and Don Wright spearheaded the team by outstanding performances, the TU defense weakened and finally collapsed before the powerful reserves from Bowling Green, resulting in a 34-12 score.

The Rockets went, saw, and returned conquered from a so-called football game with powerful Kent State University. The Golden Flashes scored 27 points in the first half and 25 in the second to humiliate the Rockets, who were held to a mediocre 103 yards rushing. With seconds to go, however, the Mortonmen decided to show KSU they were still in the stadium and scored six points, gaining the yardage mainly through penalties.

# Toledo Team Falls to Marshall, 33-13

THE NIGHT THE TOLEDO ROCKETS MET MARSHALL UNIVERSITY, the fans witnessed a duplicate of previous games. It was the same old story of the Rockets' failure to defend against the opposition's strength in depth, plus the inability to hang onto the ball. The Big Green utilized Toledo's fumbles to set up touchdowns. When the two teams left the gridiron, the score showed a 33-13 victory for the Marshall Big Green.

# TU Deadlocks Last Tilt, 21-21

THE UNIVERSITY of Toledo Rockets ended their 1956 season with a 21-21 tie against Brandeis University, almost resulting in a riot. The trouble began when one of the opponents forced Don Wright out of bounds and continued to corral him into the stone retainer wall. Fists flew, whistles blew and players returned to the bench. A member of each squad was asked to leave the game. The very spirited game ended leaving the Rockets with a 1-7-1 record for the year which was one of the worst seasons that TU has seen. It was obvious that the squad lacked strong substitutes behind the first team. Coaches from the opposing teams learned this factor early in the season and substituted constantly, wearing the Rockets down until the decisive fourth quarter, when the Toledo team always collapsed.

DON WRIGHT IS WRESTLED OUT OF BOUNDS BY A VIOLENT BRANDEIS PLAYER IN A PLAY RESULTING IN A NEAR RIOT

# Team Has 1-7-1 Record but Wins Player Awards

DESPITE THE LOSING RECORD the Toledo team exhibited, they may boast of several individual awards given to the Rockets. Clayton Umbles, 190 pound senior guard, was Toledo's leading honor receiver during the 1956 season by being chosen first string guard on the All-Ohio, All-Ohio Coaches, and All-MAC teams. Don Wright, hard running senior halfback, finished fifth in rushing and seventh in scoring in the MAC. Rocket left end, Dan Howell, was awarded the MAC ninth place in pass receiving with 75 yards on six passes caught. Willie McCants, TU fullback, placed in the MAC top ten in scoring by turning in three touchdowns. Sam Tisci and Ed Kaser rounded out the list finishing fifth and sixth respectively in individual passing. The Mortonmen, with all this talent, however, ended with a 1-7-1 record.

# Rough TU Schedule Shows 5-19 Record

THE UNIVERSITY OF TOLEDO basketball team, under the watchful eye of coach Eddie Melvin, struggled through a difficult season playing some of the top teams in the nation. When all the hardships of the season ended—hours of practice, patterns, games, classes, and study — the Rockets posted three wins and nine losses in the Mid-American Conference. The season total was 5 wins and 19 losses.

Players returning to the varsity squad were Jerry Eitzman, Bud Felhaber, Gene Knauss, Joe Bunetta, Russ Bierely, Murray Guttman, and Gene Cook. Newcomers to the varsity were five of last year's freshman team: Al Vann, John Spavero, Ned Miklovic, and John Arkebauer and Bill Newson, who could not start the season with the rest of the squad because of injuries. Melvin gave these young players experience by using them frequently.

# Rockets Surprise Fans with 91-89 Niagara Win

THE ROCKET OPENER left Toledo on the short end of the 73-62 score. The Rocket cagers showed fine play during the first half, but gradually collapsed in the final period. Niagara followed and was edged by Toledo in a close tilt, 91-89. Murray Guttman thrilled 3,000 fans by sinking the winning basket in the overtime. At the end of the game Guttman had piled up a total of 37 points. Miami of Florida edged the Rockets 68-67 in a hard fought contest at the TU Field House. Toledo then traveled to Kalamazoo to meet the University of Western Michigan in the first Mid-American contest only to go down in defeat by an 81-75 score.

VANN IS FOULED DURING MIAMI GAME AT FIELD HOUSE

NEXT ON THE LIST was a game between Miami of Ohio and Toledo. It resulted in Toledo's second loss in the MAC by an 81-64 score. The Titans from Detroit University met the Rockets in the field house there and defeated Toledo scoring 81 points against TU's 68 point effort. Akron traveled here to hand the Rocket cagers their fifth straight loss, 75-60, and then Kent State decisioned them, 82-75.

Toledo lost its fourth MAC game to the Bowling Green Falcons in a low scoring 56-46 battle. Marshall followed by defeating the Rockets 76-74 in a hard fought battle at the TU Field House.

The Rockets, the patterns, and the coach seemed to come alive in the University of Delaware game by walloping them by a 91-70 score. Hopes were built even higher when Toledo edged Kent State. During this game the fans received a scare when Toledo's lead of 21 points fell to three in about ten minutes. Guttman continued being high point man with 27 points. Powerful Cincinnati spoiled the winning streak by subduing Toledo, 78-63. The Rockets bounced back in the next game with Ohio University. Ohio led Toledo by 17 points with 14 minutes to play but the Rockets regained the lead to win, 74-71. Murray Guttman again led the team by turning in 19 points. He was followed by Miklovic with 14, and Newson with 12 points. Eastern Kentucky followed and trounced TU, 90-66.

THE UNIVERSITY of Louisville invaded Toledo's Field House to conquer the Rocket cagers 103-70. The opponents were sparked by Louisville's all-American Charlie Tyra, who dunked 40 points against Notre Dame in a previous struggle. Bowling Green followed Louisville's example to rout the Rockets in the Toledo Sports Arena. The Toledo Rockets led at half time by 16 points but BG employed a full court press and regained the lead to end the contest, 72-68.

THE ROCKETS traveled out of town for the next two games. At Huntington, West Virginia, Toledo fell to Marshall 91-82. Toledo was later decisioned by Ohio University at Athens, 75-55. Hopes were again raised as the Toledo Rockets trounced Western Michigan 84-66 for their fifth MAC win. Miami of Ohio appeared next to down these hopes with a 47-40 edge over the Rockets. Xavier of Ohio handed TU a 79-59 defeat. In the two final contests Toledo faced two of the top teams in the nation. Dayton was first with a 90-47 win over the Rockets and Louisville followed to end the 1956-1957 season with a 91-56 drubbing. Coach Eddie Melvin was very optimistic about the Toledo team's future. The sophomores received valuable experience this year and the underclassmen will be under the pattern system throughout the years here.

SCALZO PRESENTS AWARD TO WAGER ON WINNING MAC FIRST PLACE

WRESTLING APPEARED TO BE the outstanding sport at the University of Toledo. The grapplers boasted a four win, three loss, and one tie record. Toledo opened the season with a win over Findlay followed by another win over Kenyon. Toledo and Bowling Green ended in a tie followed by a win over Marshall. Kent State, along with Ohio U, defeated the grapplers in close contests. TU bounced back to stomp Western Ontario, 20-8. Miami closed Toledo's schedule with a close 18-13 win.

Toledo grabbed 45 points and third place in the MAC tourney at Toledo. Jerry Wager stood out individually by winning a first place in the tourney. Howard Reminick and Dale McVicker each placed second in the 147 pound and 157 pound events, respectively. Tom Leffler, 130 pounds, and Chuck Stehno, heavyweight, placed third. Wager went on to win the 4-I tourney in Cleveland, competing in the 117 pound event.

COACH BOB APPLEBY led his team to an 8 win 9 loss season with four games rained out. Russ Bierely and Sam Tisci were chosen to the all MAC first team. Murray Guttman and Joel Nyers were given honorable mentions. Toledo had a bad start by losing the first three in a row to Purdue, Southwestern, and Wabash. The Rockets bounced back to win three straight from Adrian, Wayne, and Findlay. Ohio U handed the Rockets a pair of losses followed by three victories, two of which were from Kent. State and one from Findlay. Miami traveled here to defeat the Rockets two in a row. This was followed by a loss to Wayne. The last two games gave decisions to the Rockets over Bowling Green. Appleby's hopes are high for a winning season because of the fact that 14 players are returning to the squad. The team will take in the scenery down south this summer because of the schedule set-up.

# Intramural Program Is Highly Successful

THE INTRAMURAL PROGRAM at the University of Toledo kept up its high standards under the guidance of Jim Sherer. Most sports progressed smoothly with a minimum number of complaints. The golf championship was the first to be captured, by Sigma Phi Epsilon. In the first round the Rebels tied the Sig Eps only to go down in defeat the following week. Next was football which was taken by Theta Chi. Volleyball followed on the agenda. Tau Kappa Epsilon walloped Theta Chi and Alpha Epsilon Pi to take the crown, boasting a win in every game. The Tekes then followed up with the bowling championship. They also took many individual and team honors. Other sports included were basketball, tennis, ping pong, softball, and horseshoes.

Each fraternity competed in the sports and received a certain number of points for taking first, second, or third place. At the end of the year the points were totaled and the fraternity with the highest number of points won the Campus Participation Trophy, which this year was awarded at the annual Interfraternity Council banquet.

# Women's Sports

THERE IS A VARIETY of organized sports offered to the women of the University of Toledo. For many, these provide relaxation in spare time, or practice to become more proficient. Each sport is well directed and participants may be novices or real "pros." The main objectives are exercise and lots of fun. These sports are coordinated by the Women's Recreational Association, commonly known as WRA. The WRA Board, composed of the heads of the sports, is the executive body of WRA.

WRA started their program this year with a "mixer" to interest the women students in the program. At the mixer, each head of a sport gave a synopsis of the plans for her activity. In February, the members held their annual WRA Spread. At this time freshman representatives to the WRA Board were announced by Mary Jane Ray, president of the organization.

The sports sponsored by WRA were evenly distributed throughout the year. These included golf, fencing, volleyball, bowling, modern dance, tennis, and softball. The girls in charge of the sports are those who have participated in it the previous year. These girls are Carol Smith, field hockey; Helen Schlorb, archery; Nancy Hasselback, horseback riding; Ada Wolfram, basketball; Carol Cain, tumbling; Arlene Zielinski, bowling; Margaret Piotrowski, recreational sports; Mary Henkel, volleyball; Priscilla Kuehl, fencing; Arlene Swiergosz, swimming; Pat Downer, golf; Jane Bauman, dance; and Penney Burkey, riflery.

THE RIFLE TEAM was very active this year. The girls practiced several times a week in the ROTC Armory, and even competed with women's rifle teams from other colleges. In the spring, tennis called many enthusiasts to the courts. To some, tennis even came before classes. Golf became very popular in the spring too. Anyone from "duffer" to "pro" enjoys chasing balls from one green to the next. Volley ball is one of the most spirited WRA sports. The girls get lots of exercise keeping the ball from falling to the ground.

"WHEN WE FIRST entered the University of Toledo, we were buried under the impression that life here was lacking the essentials of the 'true college atmosphere.' We continued with this impression until one day someone led us, maybe even pushed a little, to join and participate in student activities. Thus the saga of the student year began. We felt a little guilty at times about letting our homework go for an afternoon or evening, while we crowded the 24 hours with committee meetings, Blockhouse and Collegian deadlines, impromptu parties, and the ever present problem of decorating for that big dance. But then, this is the essence of 'college life.' "

**EXECUTIVE CABINET**, consisting of Mary Henkel, Treasurer; Nancy Ohler; Ken Keller, President; Jack Gollan, Vice-president; Ken Myers; and Doris Moore, Secretary, meet at 11 on Wednesdays to discuss the agenda for the next Senate session.

# Keller Leads Solons In Year Of Progress

THIS YEAR Student Senate sponsored a variety of activities for the University. Among these was Freshman Week, which included a mixer, talks on sorority and fraternity life, and a classroom discussion under the supervision of the new senators.

Homecoming was the next event and it took place in October. The program featured the Queen election, bonfire, parade, game, and the dance in the evening. October also included the Community Chest fund campaign which raised $271.

In December, Senate sponsored the Christmas formal and a recognition dance, with invitations going to presidents of organizations in addition to members of Blue Key, Peppers, Student Senate, and the Student Activities Committee.

The second semester Senate activities were the sophomore dance in February, the J-Hop in March, and the May Festival which included the freshman dance.

Officers were Ken Keller, president; Jack Gollan, vice-president; Doris Moore, secretary; Mary Henkel, treasurer, and Jerry Zlotnik, sergeant-at-arms, with Murray Stahl acting as the adviser.

# Eager Freshman Class Ignites Needed Spirit

ENTHUSIASM must have been one of the first words learned by the freshmen, because the Class of '60 began the year with a fine example of ambition, cooperation, and spirit. The upperclassmen looked with interest at the banners on Wolf Hill every week announcing that "the frosh are going to the game—are you?"

Following registration, the freshmen were subjected to a series of tests, advisory conferences, and meetings during Freshman Week. All this was topped by a Student Senate sponsored dance at the end of the week.

In November, politics became the main concern and the young politicians went through the primary and final elections with the following candidates successful: Dick Cosgrove, president; Marcia Cuddeback, vice-president; Marian Adamski, secretary; Carol Greeley, treasurer; Tom Case, men's representative to Senate; and Rosalie Louviaux, women's representative to Senate.

The officers and the committees planned and carried out the various activities during the year. Undoubtedly the University, along with the class, will benefit if work such as this is continued.

# "Cartoon Capers" Ball Tops Sophomore Events

THE AMBITIOUS Sophomore Class formed committees early in October, under the guidance of the Student Senate, to begin planning their annual Sophomore Class dance, "Cartoon Capers," which was presented on the night of Feb. 2 in the University of Toledo Field House.

Not only did the sophomores support their own successful events, but they also contributed to all other school activities. With their active and eager participation, the Class of '59 has already proven to be a group that works well together under all circumstances.

One of the most outstanding accomplishments of these energetic workers was the establishment of a card section at the football games. Under the direction of their capable officers, a small handful of these students ignited a spirit in the student section which led to some of the most successful cheering ever witnessed in the University Glass Bowl. These sophomores are truly gaining the meaning of participation in campus events.

Among their leaders were Marty Fisher, president; Dave (Pat) Connelly, vice-president; Cathy Wimmenauer, secretary; Barb McKimmy, treasurer; Jerry Zlotnik, Sophomore men's representative to Senate; and Pat Rankin, Sophomore women's representative.

# J-Hop, Homecoming Top Junior Events

THE JUNIOR CLASS began the year well-represented in various phases of student life and activities. Junior Doris Moore was elected Homecoming Queen, with Kathy Smith, Jean Coleman, Shirley Britton, and Betsy Chamberlain as attendants.

Thirteen outstanding juniors were elected to Who's Who in American Universities and Colleges. They were Linda Baker, Vicky Brenneman, Fred Gawecki, Jack Gollan, Jim Green, Ron Greenbaum, Jill Harshbarger, Mary Henkel, Alan Miller, Doris Moore, Sue Riedeman, Paul Scharf, and Kathy Smith.

Alan Miller, the Junior Class president, was the editor of the Tower Magazine. He is assisted by many other juniors including Bob Cosgrove, managing editor; Doris Moore, business manager; Kathy Smith, circulation manager; Shirley Britton, publicity manager; Carmella Kaiser, interchange manager; and Mary Henkel, make-up manager. There were also many juniors represented on both the Campus Collegian and Blockhouse staffs.

The junior class of this year was represented by capable officers in Alan Miller, president; Reeves Northrup, vice-president; Anne Schlicher, secretary; and Suzanne Riedeman, treasurer.

# Prom Highlights Senior Farewell

SENIOR WEEK is listed as the most important event of the Senior Class for the year. The purpose of this special week is to pay tribute to the seniors who have attained the goals for which the rest of the student body is striving. A first for this year's Senior Class was the wearing of caps and gowns during Senior Week symbolizing the attainment of college goals.

Leading the seniors were Dave Wiley, president; Don Saunders, vice-president; C. J. Snead, secretary; Myron Schonbrun, treasurer; Dan Saunders, Senior men's representative to Senate; and Mary Lou Manor, Senior women's representative to Senate.

Give or take a year or so, your four years at Toledo University mean a great deal to you. These were the years in which you had fun and complained, studied and played, got pinned, made mistakes, but you know you learned a lot. There were times when the consumption of coffee and cigarettes was high and you stayed up all night studying for the next day's test. Still you learned. Eventually you realized and if you haven't, you will—that this was the time of life you will be looking back upon and wishing you were in college again. The value will never be lost, tomorrow, ten years from now and till the end of time.

# 1957 Blockhouse

COURAGEOUS FRESHMEN decided to try their hand at journalism — brave sophomores figured the Blockhouse needed their talent — weary juniors came back for another year of fun and work—and the seniors, finding it interesting to live on a dollar a week, a steady diet of coffee, cigarettes, and sleepless nights, stayed on to publish another edition.

We successfully conquered five deadlines, which came all too soon, cut too many classes, and overcame several attacks of "to hell with it all," but decided at the end of a year's frustrations that the completed product was more than worth all our trouble.

Thus chapter 35 of life at the University was completed, another volume filled.

# Campus Collegian

THE CAMPUS COLLEGIAN, official student publication, rolled off the press every Thursday to be greeted by enthusiastic students seeking news of every phase of campus activity.

As the staff worked into the night, often lacking both patience and copy, there were times it seemed that the paper would fail to reach its numerous subscribers. But such was not the case. Out of the haze and confusion came 26 issues of competent coverage of campus affairs. These long countless hours of mental labor by the staff members, continually striving for recognition as Ohio's top college weekly, resulted in an increased number of readers and again proved to be an A-1 publication.

The Collegian members had many harrowing experiences together. Sometimes there were disagreements among the staff, but when the reputation of the paper was at stake, they put down the rubber bands and paper clips and united. The editors were overjoyed when they could leave Room 207 of the Union by the early hour of midnight. An occasional well-written story made the job seem easier and earned a thank you for its author. The summation of their efforts was the jaunt to Cleveland for the Ohio Collegiate Newspaper Association convention.

And then it was almost over. The maintenance staff could now scrape the atmosphere off the walls and clear away the litter of old Collegians, cigarette butts, food scraps, and footnotes, the latter strewn all over the place by Moni Dominique when she couldn't find room for them in her column.

Such was the life of the editors. When the presses cooled off, the typewriters were covered, and Ned took his art work home, Vicky had the staff over for pizza. Here everyone, including Dr. Jesse Long, adviser, relaxed, talked about memories, sentimentalism, and crusaders, and chuckled while they stuffed themselves with the first square meal they had had since September.

STUDENT MAKES A WISE PURCHASE BY BUYING FIRST ISSUE

# Tower Magazine

THE TOWER MAGAZINE has been in existence for two years. As TU's youngest and freshest literary venture, the Tower has broadened both in scope and in popularity. Great gains have been made in size, subject matter, and technique which have resulted in an increase in rating as a magazine of interest and enjoyment for many readers. Fall, winter, and spring issues were published featuring student material in the form of essays, short stories, poems, and art work.

Under the able hand of Alan Miller, editor-in-chief, the various departmental activities were coordinated resulting in a diversified but integrated publication. The increased financing required by a larger magazine was made possible through the efforts of the business staff.

With two years of pioneering behind it, the Tower has gained in status on the campus but not without the friendly help, encouragement, and advice of the two older and wiser student publications, the Blockhouse and the Collegian. The Tower Magazine looks ahead to growth and prosperity as a magazine presenting the best in student creativeness.

# Tours and Recitals Spark Music Season

WHAT A TOUR! The cream of the University's young musicians were gathered together, each an expert, to play some of the world's most stirring music ever written for bands. No wonder the concert band tours were so successful. The audiences, used to live presentations from many amateur groups, were amazed to hear a band so consistent in its tone, its precision, and its technique.

The University of Toledo Band was organized in 1931 to promote music and to help develop school spirit. In any university the band is almost as much an essential part of college life and activities as studies rhemselves are.

During football season the band put on some of the cleverest and most audience intriguing shows ever seen in our campus history. They are responsible for developing school spirit by participating in rallies and parades.

The band also does its part at convocations and civic activities. The University of Toledo Concert Band, numbering 35, led a busy life under Maestro Donald Riggio, director of bands.

# A Capella Performs at Annual Convocations

MAKING BEAUTIFUL MUSIC TOGETHER is the purpose and goal of the A Cappella Choir. The male and female voices, of which the choir is composed, can be heard practicing many hours during the week in Room 601.

The choir enjoyed a very eventful year with many outstanding performances to their credit. Included were appearances in the city and several short trips out of town. Television and radio broadcasts added to the schedule and also to the fame of the University.

The presentation of "Why the Chimes Rang" was the main event of the year. The musical adaptation of the Christmas story by Raymond Alden was presented at the Christmas Convocation in the Doermann Theatre. The choir sang "Break Forth, O Beauteous Heavenly Light" and "O Rejoice Ye Christians Loudly" by Bach and several other selections.

The choir obtains members by students registering for the course during the first semester. During second semester, new members must audition for entrance.

Miss Doris Schieber, capable director, led the Choir through a year which held growth both intellectually and socially for each member.

# Eastern Musical Trip Tops Chorus Agenda

ANOTHER FIRST WAS ADDED to the Rocket Choristers agenda this year. The group, under the direction of Dr. Lloyd Sunderman, went on an eastern tour. They sang in Ohio, Pennsylvania, New York, and climaxed the event by singing in New York City. This will become an anuual event with the group, the tour for next year being to New Orleans. The tours were not only a worthwhile event for the members, but brought fame to the University of Toledo.

The chorus also performed for various high school groups in the surrounding area including Scott, Libbey, and Metamora, and made appearances before various social organizations.

The 32 members of the chorus are chosen by audition, and therefore only the outstanding vocalists are chosen for membership.

Officers of the Rocket Choristers included Carlton Baum, president; Duane Hoak, vice-president; Carolyn Wasserfuhr, secretary; Mary Ann Kramer, corresponding secretary; Shirley Brodbeck, treasurer; and Shirley Jones, librarian.

# Fall Display Features Fine Arts Handiwork

PAINTINGS, POTTERY, ENAMELS, jewelry, sculptures, and metal works were on display at the annual "Fine Arts Night" in the fall of the year. All the members exhibited their talents and abilities at the event. The members with other types of talent also performed. Harriet Liebes played several selections at the piano, and Barbara Burgmaier read a selection of prose.

The group also had several other exhibits. One was featured in the faculty lounge and another in the tunnel leading to the library. Projects such as this not only increased the members' interest in the organization, but brought the work of the Fine Arts club to the attention of the student body.

The Fine Arts members elected the following officers to serve them for the past year: Mary Lou Manor, president; Harriet Liebes, vice-president; Jim Halteman, secretary-treasurer; and Ron Gibson, social-chairman.

Dr. James G. Southworth and Vernon Schonert were advisers for the group during the past year.

# Versatility Sets Keynote of University Theatre

WHO SAID YOU CAN'T TAME wild beasts with a helpful hand and unselfishness? After all, this was exactly the case in George Bernard Shaw's delightful comedy, "Androcles and the Lion," the University Theatre's opening play presentation. November brought a production of a different sort with a stately dramatic interpretation of "Elizabeth the Queen," done in the full pomp and splendor of the Elizabethan era. In the spring, two more theatre endeavors attained success and were readily enjoyed by the campus. These were "The Knights of the Burning Pestle" and "The Moon Is Blue."

The theatre productions offer students not only a chance to act but to get experience in make-up, costuming, property, lighting, and set construction and design.

An excellent job was done by Dr. Norma Stolzenbach as adviser of Theatre. Officers this year were John Lindemulder, president; Ann Lautz, secretary-treasurer; and an executive board consisting of Sue Hirsch, Tom Zraik, and D'arcy Orde.

RADIO WORKSHOP is a student activities sponsored group which brings together students on campus who are interested in all phases of radio broadcasting. Membership is by participation in at least one broadcast followed by a request for membership. The club has no dues, and sophomores, juniors, seniors, and second semester freshmen are eligible for membership.

A regularly scheduled series of broadcast programs is the main activity of the workshop. Directors, soundmen, actors, and announcers are the phases of production in which the students take part. Scripts, which give to the listening audience a combination of comedy and tragedy, are screened and selected by the president of the organization. Radio Workshop broadcasts are made directly from the University of Toledo speech studio. Included also, are nine half-hour shows over station WTOL.

The officers this year were Scott Roberson, president, and Vicky Brenneman, secretary. Mr. James Hofford was the adviser.

RADIO SETS ARE EXAMINED BY RESERVE OFFICERS TRAINING CORPS CADETS DURING ONE OF THE CLASSES IN ARMORY

# ROTC

THE RESERVE OFFICERS TRAINING CORPS instructed over 500 cadets in the field of general Military Science this year. Through their education, training and display of leadrship qualities, they hope to be commissioned as officers in one of the branches of the United States Army upon graduation. During a summer encampment at Fort Bragg, the cadets acquired practical experience in maneuvers.

This year the regiment was commanded by Cadet Colonel William Goldberg, and he was assisted by Battalion commanders James Ault and Dennis Sturgill of the first and second battalions respectively.

The Brandeis-Toledo football game was attended by the cadet regiment en masse. It led the recitation of the Pledge of Allegiance during the half-time. Ceremonial events during the year included Federal Inspection, Armed Forces Day, and the Memorial Day parade.

The height of the social season was climaxed by the Military Ball held in the Naval Armory, where a new ROTC queen was crowned.

Lieutenant Colonel Thomas W. Alvey, Professor of Military Science and Tactics, headed the ROTC faculty, assisted by Majors Gene L. Mitcham and Lester W. Stiles; Captains Robert L. Farkas and Thomas F. Fell; Master Sergeants William Harkins, Zedoc Helton, Ward Morton, Leon VanAutreve, John Vasilake, Alvin Wilson and SFC Joseph Crocker.

SGT. J. VASILAKE EXPLAINS TECHNIQUE OF LOOP SLING

THE ROTC RIFLE TEAM is another branch of the Reserve Officers Training Corps at the University. The purpose of the organization is to improve the marksmanship abilities of the members. This is accomplished through competitive firing with various other colleges in the vicinity. Not only do the firings accomplish this purpose, but tend to increase and extend the fame of the University.

Membership in the ROTC Rifle Team is composed of volunteers. The group is open to all ROTC students currently enrolled at the University.

Sergeant J. Vasilake instructs the members of the team which competed again for the famed William Randolph Hearst Trophy. A Women's Rifle Team, along with the men, is also sponsored by the ROTC.

# Pershing Rifles

IMMEDIATELY UPON the opening of the fall semester, Company L-1 selected seventy-eight cadets to become candidates for Pershing Rifles. The pledges then began a rigid training period to make them proficient in close order drill, to teach them the traditions of Pershing Rifles, and to familiarize them with other basic military subjects.

Company L-1 held three field problems this year. The first problem was between members of the pledge and active companies. Their other two problems were held with Company E, 9th Regiment, Scabbard and Blade and with Bowling Green State University.

At the annual Queen's Tea held in the Student Union Lounge on November 11, 1956, Miss Sue Mougey of Delta Delta Delta sorority was selected as honorary captain. Her two honorary lieutenants were Miss Margie Mattes of Delta Delta Delta sorority and Miss Roberta Young of Kappa Delta sorority.

During the spring, the members took part in two drill meets. The annual University of Toledo Invitational Drill Meet was host to several area schools. The big event in the Company's year was the Regimental Drill Meet in which fourteen schools from Ohio, West Virginia and Kentucky converged at Ohio State University for a weekend of drill and fun.

# Scabbard and Blade

THIS WAS AN EXCELLENT YEAR for Scabbard and Blade honorary fraternity. One of the chief accomplishments this year was the pledging of 19 men who were tapped and taken into the fraternity. During the year, the company purchased twenty sabers which made the drill team the sharpest ever to perform at either military or school functions.

This year's officers were: Paul M. Driscoll, Captain; James W. Ault, 1st Lieutenant; Stephen P. Molnar, 2nd Lieutenant; and Oleh R. Cieply, 1st Sergeant.

One of the Scabbard and Blade's social highlights this year was the Queen's Tea and the election of Miss Charla Kinney of Alpha Chi Omega sorority as 1956-57 Scabbard and Blade Queen. Miss Kinney was crowned at the R.O.T.C. fall dance by last year's queen, Miss Cathy Wimmenauer of Delta Delta Delta sorority. Other social events included the Christmas formal, the Military Ball, and the annual spring dinner dance where the installation of the nine new officers was held. A smoker was also held with members of the sophomore class to explain the advantages of advanced ROTC. Major Gene L. Mitcham was the adviser.

# SAME

THE SOCIETY OF AMERICAN MILITARY ENGINEERS had its inception in the experience of the engineering profession in World War I. It is composed of engineers and others who believe that the lessons of the past should be studied as a guide to the future, and who desire to assist the nation in preparedness, saving it so far as they can from the spirit of indifference and unreadiness into which this country has so quickly lapsed after every war. The chapter consists of engineering students in the advanced ROTC. The officers were Rodney Henning, president; Oleh Cieply, secretary; and Franklin Harris, treasurer.

# MSC

THE MILITARY SCIENCE CLUB is the largest social organization on the campus of the University of Toledo. Membership is open to cadets from the ROTC.

Weekly meetings are attended by representatives chosen from the various classes. These representatives formulate the policies of the organization and keep their respective classes informed of activities.

The biggest social event of the year at the University was the Military Ball, held February 16, at the Naval Armory. Tony Pastor provided the music. An election was held among the cadets to select a queen to reign at the winter ball.

# ROTC Queen's Tea

THE ROTC QUEEN'S TEA was held on Wednesday, February 13, in the Student Union lounge. Cadet Commander William Goldberg announced the new queen and her attendants.

Chosen from a group of sixteen girls were: Marcia Fanelly, Honorary Colonel and Regimental Commander; Sue Mougey, Honorary Lieutenant Colonel and First Battalion Queen; and Margie Mattes, Honorary Lieutenant Colonel and Second Battalion Queen, all members of Delta Delta Delta sorority.

The court consisted of Pat Lutz, of Delta Delta Delta; Janell Maeder and Shirley Falk, of Pi Beta Phi sorority, and Deanna Linck.

Miss Fanelly reigned at the Military Ball held on Saturday, February 15, at the Naval Armory. The queen and her attendants were presented with flowers and engraved medallions by Cadet Colonel Goldberg. Tony Pastor and his orchestra provided music for dancing.

HONORARY COLONEL, LIEUTENANT COLONELS, AND CAPTAINS RECEIVE CONGRATULATORY BOUQUETS FROM THE ROTC

"'MEETING, OCT. 19, 1956, at 3:30 in the Student Union Lounge. Please be prompt!' Often we read this in a note which was in our mailbox or on the 'board.' So we put off going to work right away, or working on our term paper on 'James Watt and the Steam Engine,' and went to the meeting. Our grades suffered some and we didn't make as much money as last month, but accomplishments can't be measured in point averages alone; and who needs money when you're too busy to spend it? We have fond memories of the membership drives—nobody got by the tables on second level without joining. Remember? And every time we had to show an ID card all we could find were membership cards. But then, this is the essence of 'college life.'"

# Blue Key

MEMBERSHIP IN BLUE KEY, national men's honorary fraternity, is the highest honor that can be bestowed upon a University man during his college days.

The University of Toledo chapter has a limited membership of 13 men. Only junior and senior men outstanding in leadership, scholarship, and extracurricular activities are tapped. New members this year were tapped at the Christmas Formal and Men's Songfest.

Among Blue Key activities were ushering for Women's Songfest, graduation, and the President's reception during Freshman Week.

The president was Bill Long. Assisting him were Dan Saunders, vice-president; Ron Greenbaum, secretary-treasurer; Jameel Sadd, corresponding secretary; and Don Saunders, alumni secretary.

Other members were Phil Flis, Bob Conley, Ted Grover, Jim Kwiatkowski, and Ken Keller.

Faculty members include President Asa Knowles, Dean Donald Parks, Dr. Jesse Long, Dr. Archie Solberg, and James Machen.

# Peppers

PEPPERS, WOMEN'S HONORARY SOCIETY, was founded as a booster club with the idea of promoting the morale of the student body. The society now stands as a recognition for women considered to have contributed the most to the University through high scholarship, participation in campus activities, and worthy personal conduct.

An annual event sponsored by Peppers is the "Smarty Party", for freshman women who obtained a 2.0 average in their first semester at TU.

The Peppers were very busy as they ushered at the Toledo Orchestra Concerts, the commencement exercises, and Men's Songfest in April. The most outstanding activity sponsored by Peppers was the annual sorority songfest at the Peristyle.

Officers were C. J. Snead, president; Sue Hirsch, secretary-treasurer; and Pat Moulton, historian. Other members were Iva Barnhart, Barbara Burgmaier, Jan Dunlap, Barbara Jacob, Ann Lautz, Mary Lou Manor, Lila Miller, Mary Jane Ray, Donna Taylor, and Marcia Widmer. Dean M. Kathryn Schwab was the adviser.

# Alpha Epsilon Delta

ALPHA EPSILON DELTA is the national honorary pre-medical and pre-dental society. Its purpose is to promote scholarship and fellowship among its members. Membership is limited to students with a high scholastic average and a high aptitude for their chosen profession.

This past year was filled with many activities for the AED's. Several physicians spoke to the group at the meetings which were open to pre-medical students; a trip was made to State Hospital and to Maumee Valley Hospital. On Oct. 5, Dr. E. J. McCormick, past president of the American Medical Association, was made an honorary member.

The most important event of the year was the dinner given in honor of AED's adviser, Dr. H. H. M. Bowman, who retired after 37 years of service at the University of Toledo.

The officers of the Ohio Beta Chapter of Alpha Epsilon Delta were: president, Richard Wattenmaker; vice-president, Thomas Seitz; secretary, David Mills; and treasurer, Myron Schonbrun.

# Kappa Delta Pi

THE ZETA EPSILON Chapter of Kappa Delta Pi was established at the University of Toledo in 1945 so that students in the College of Education could enjoy a closer relationship, both socially and professionally.

Kappa Delta Pi is a national honor society, which has chapters in all major universities and colleges in the nation.

Initiates are taken into Kappa Delta Pi twice a year; they must have a 2.2 scholastic average. An annual award is given to the graduating senior in the College of Education with the highest accumulative point average.

Many Kappa Delta Pi members are on the University faculty. The group is greatly indebted to Dr. Frank Hickerson, who has done a tremendous job in the capacity of adviser.

The last event of the year was the election of new officers. For this past year Gay Jean Frye served as president, Beverly Kubitz, vice-president; Marcia Bruggeman, secretary; and Esther Anderson, treasurer.

# Phi Kappa Phi

PHI KAPPA PHI is a national honorary society which recognizes scholarship of superior quality. Standards for Phi Kappa Phi are equivalent to those of Phi Beta Kappa, but the latter society selects its members only from the arts colleges. Juniors must have a 2.7 average and seniors must have a 2.5 accumulative to be eligible for membership in the University of Toledo chapter.

New members are installed at the annual banquet held each spring.

Phi Kappa Phi also sponsors the Annual Honors Day Convocation which is held each spring. Last year over 200 students received recognition and special certificates were also awarded to sophomore William Huepenbecker and to senior Frank D. Jacobs as scholars of the year.

The officers of the chapter were Dr. Nicholas Mogendorff, president; Mary Gillham, vice-president; Dr. Albertine Krohn, secretary-treasurer; and Lucille Emch, journal correspondent.

# Rho Chi

BETA ETA CHAPTER of Rho Chi Society, national pharmaceutical honorary, was established at the University of Toledo on April 22, 1955.

The fundamental objective of Rho Chi is to promote the advancement of the pharmaceutical sciences through encouragement and recognition of intellectual scholarship. Eligibility for membership is based on high scholarship, character, personality, and leadership. All candidates must have completed 60 percent of the semester hours required for a Bachelor of Science degree in pharmacy with a 2.0 accumulative, and must be approved by the dean of the College of Pharmacy.

One of the year's highlights was the announcement of the successful candidates for active and alumni membership. The climax of the year was reached when the nominees were officially initiated at an after-dinner ceremony. At this time membership certificates and keys were presented to the new members.

The officers of the chapter were Daniel F. Krzyzaniak, president; Anton Hogstad Jr., vice-president; and Robert J. Schlembach, secretary-treasurer.

# Tau Beta Pi

TAU BETA PI OFFICERS: Row 1: Howard Gerwin, Vice-president; Howard R. Leffel, Jr., President; Harry Miles, Corresponding Secretaty. Row 2: Ray Squire, Recording Secretary; Kenneth Miller, Cataloguer.

MEMBERSHIP IN TAU BETA PI is limited, allowing only juniors in the upper one-eighth of their class and seniors in the upper one-fifth of their class. Only men outstanding in the field of engineering are chosen, these on the basis of character, integrity, and interest in professional advancement.

New initiates were honored at banquets held bi-annually. A Tau Beta Pi alumnus, a local engineering authority, gave the welcoming address. A 500-word essay was required of each pledge on the topic of his choice, which was entered into national competition.

For the first time this year, Tau Beta Pi awarded a woman's badge as an honorary degree. This award was presented to Patricia Rynder, who was a senior.

Services rendered to high schools this year included showing potential engineering students through the engineering department on Nov. 15, 1956.

President of the chapter for this year was Howard R. Leffel, Jr.; vice-president, Howard Gerwin; recording secretary, Ray Squire; corresponding secretary, Harry Miles; and cataloguer, Kenneth Miller.

# Alpha Phi Gamma

JOURNALISTIC CAREERS are the objective of the members of Alpha Phi Gamma, co-educational honorary journalism fraternity. Relationships are established between students interested in newspaper work and those already putting the profession into practice. Recognition is given to individuals who show ability in the field of campus publications, and in a fraternal way these students then serve and promote the welfare of the University through journalism. Their varied activities fulfil the purposes of the organization.

Social events included the honoring of new members who were tapped on the average of twice a year and selected by the present members of the organization. Other activities were monthly meetings and lectures at which the main speakers were outstanding representatives of the local press.

Officers were Barbara Jacob, president; Phil Flis, first vice-president; Jim Kwiatkowski, second vice-president; Iva Barnhart, secretary; Moni Dominique, treasurer; Jack Gollan, bailiff; Donovan Emch and Dr. Jesse Long, advisers.

# Lambda Kappa Sigma

LAMBDA KAPPA SIGMA is the national pharmaceutical sorority for women. The purposes of the organization are to unite the women in pharmacy for better social relationships and to acquaint them with the various phases of the field so that they may better serve themselves and their profession.

Officers were: president, Joan Parrott; vice-president, Carol Curtis; secretary, Marcia Widmer; treasurer, Betsy Chamberlin. Their adviser was Mrs. Berg.

Lambda Kappa Sigma was installed on the University's campus on May 6, 1956 by the grand president of the organization, Miss Harriet Leskauski. Their national convention was held in Chicago last summer.

# Who's Who Among Students in

WHO'S WHO is a national recognition society for college students who have excelled in student activities. This year 32 University of Toledo juniors and seniors were listed along with outstanding students from 650 other colleges and universities in the United States.

The students so honored received a letter which read: "You have been recommended to us from your campus for recognition in the 1956-1957 edition of *Who's Who in American Universities and Colleges.* It is a pleasure to tell you that your nomination has been accepted."

**WHO'S WHO IN AMERICAN UNIVERSITIES AND COLLEGES:** Row 1: J. Sadd, W. Millman, F. Gawecki, L. Baker, D. Moore, A. Miller, C. J. Snead, Don Saunders, J. Kwiatkowski. Row 2: I. Barnhart, P. Moulton, M. L. Manor, W. Long, R. Greenbaum, Dan Saunders, M. Bruggeman.

# American Universities and Colleges

THIS YEAR, Who's Who contains students in nearly every field of academic endeavor, such as education, engineering, business administration, pharmacy, and arts and sciences. The activities of these campus leaders cover the entire range of student life, from publications to Senate.

The members of this society are those who have developed the skills of leadership necessary for success in their careers to follow. The announcement of the selection of this year's members was made in the University of Toledo's student publication, the *Campus Collegian.*

# D-N-W Club

THE D-N-W CLUB is a social organization, composed of residents of Dowd, Nash, and White Halls.

The D-N-W Club completed a very successful social program for this past year. The year's events began with the sponsorship of Betsy Chamberlin for 1956 Homecoming Queen. Miss Chamberlin was elected to the queen's court. Other activities included such events as weekly full-length feature films and monthly dances given for various campus groups. Besides this, the organization was very active in the campus intramural sports program, participating in volleyball, basketball, softball and football.

Officers of the club included Jack Henson, president; Ernie Olde, vice-president; Andy Kristoff, secretary; and Allan Baer, treasurer. Roy Stoddard was movie chairman; Bruce Kenney, social chairman; and Jim Ruddock, publicity chairman.

# MacKinnon Hall

THE GIRLS of MacKinnon participated in many activities this year but one of the most interesting and enjoyable was one that promoted scholarship along with lots of fun. The girls had a contest between floors to better their scholarship. The floor with the highest combined point average was taken to dinner by the girls of the other two floors.

The girls also sponsored a faculty tea which was held in the spring. The girls took the faculty members on a guided tour through the various rooms and then served refreshments. Besides this there were numerous parties enjoyed by all.

The co-eds in the dormitory this year represented seven states. Included were Ohio, Michigan, New Jersey, New York, Florida, Honolulu, and Windsor, Canada.

Leading the girls of MacKinnon Hall to another successful year were Beth Bollin, president; Gertrude Robertson, vice-president; Dottie Dunn, secretary; and Jo Flick, treasurer. Mrs. Martha Lang was adviser and housemother for the dorm.

# Religious Council

THE RELIGIOUS COUNCIL began its program by sponsoring the membership drive for all religious organizations. The Council then began working on the Campus Conference on Religion, which was from Nov. 12 to 14. The chief speakers were Rabbi Stephen Schafer of Toledo; the Reverend David Anderson of Oberlin; and Father Edward Loveley of Detroit.

Four convocations were sponsored this year: Thanksgiving, Christmas, Brotherhood, and Easter. Committees were also set up to help organization chaplains with their duties, promote religious counseling in the dorms, work among foreign students, and develop a fuller use of the University chapel. Roasts and other social events were sponsored for members in order to get better acquainted and discuss common problems.

The officers were Don Pentz, president; Annette Byrn, vice-president; Nancy Dielman, secretary; Alan R. Miller, treasurer; and Linda Baker, corresponding secretary.

# SAC

ONE OF THE BUSIEST and most featured committees of the University is the Student Activities Committee. This committee includes the members of the faculty and the student body who are most closely associated with the work of extra-class activities.

Identified locally as SAC the Committee is given the responsibility for the work and functioning of groups bearing the name of the University of Toledo, whether these groups cover the wide scope of honorary, educational, religious, or political.

In its task of formulating policies for the groups represented on the campus and setting standards of proper organizational performances, the Student Activities Committee must be consistent with the policies and standards set by the University of Toledo. The committee is responsible in turn to the President.

Leading this committee and acting as chairman was Dean Donald S. Parks; Murray Stahl was secretary. Other members were Dr. Helen Holt, Donovan Emch, Dean M. Kathryn Schwab, Richard Brown, Ken Keller, and Kathy Smith.

# SUBG

THE STUDENT UNION Board of Governors, under the capable leadership of Bill Millman, is composed of two members each from sophomore, junior, and senior classes. The board is the sole governing body of the Student Union and therefore has the responsibility of managing and controlling all building problems.

This year, instead of placing the entire burden of the new student union planning upon SUBG itself, a President's Committee has been organized to complete future activities and plans for the new structure.

Officers for the organization for the past year included: president, Bill Millman; vice-president, Jameel Sadd; secretary, Jackie Guhl; and treasurer, Ron Duvendack.

# Young Men's Christian Association

THE UNIVERSITY OF TOLEDO chapter was honored for the second consecutive year by having the two major State offices of the Ohio Student Council of YMCA's filled by local members. Glyn Oldham was chairman of the Ohio Student Council and Art Keel was vice-chairman of the Northern Ohio Area.

The student Y program was much fuller and better balanced this year. Every member worked on a committee of his choice and also promoted or administered conferences, camps, motion pictures, service projects, discussion groups, and YM-YW parties and dances, as well as religious and cultural programs.

Among recent innovations were a formal induction and candlelight service and a Big Brother-Little Brother program to help foreign and out-of-town students become better acquainted with campus life.

The biggest event of the school year is the World University Service Drive which was sponsored in February this year in compliance with the YWCA. The purpose of this spectacular drive is to raise funds for fellow students in poverty-stricken parts of the world.

This year's officers were: Bob Howard, president; Demetrio Saer, vice-president; Bill Yohe, secretary; Mel Van Drieson, treasurer; Albert Vann, chaplain; and Earnst Forster, sergeant-at-arms. Advisers were Dr. A. F. Foster and Dr. R. E. Wear.

# Young Women's Christian Association

THE PURPOSES of the Young Women's Christian Association are to uphold the Christian ideals and to promote friendship, cooperation, and group leadership among its members. Membership is extended to any University woman who desires to affiliate.

To begin the school year, the YWCA and the YMCA sent counselors to Freshman Camp, sponsored this year by the University. Following this was its annual fashion show and the big-little sister roast.

The WUS Carnival was one of the most important events of the year. The YWCA worked jointly with the YMCA on this project. The money raised was then used for support of World University Service throughout the entire world.

The two groups topped the Christmas season by sponsoring an all-campus Christmas party, and beginning this year, an all-campus Valentine party.

Each year the members have one goodwill project. The group either visits a local orphanage or makes table favors for the Old Folk's Home during the Thanksgiving Holiday.

This year the association was under the leadership of Jill Harshbarger, president; Kathy Smith, vice-president; Carol Hischka, corresponding secretary; Linda Baker, treasurer; Mary Henkel, recording secretary; Mary Ann Kramer, chaplain; Karen Fortune, area representative; and Pat Downer, historian. The group was advised by Mrs. Florence Radabaugh.

# Young Democrats

WITH THE PRESIDENTIAL elections this year, the Young Democrats of the University of Toledo had a busy fall season. The 200 members of the group assisted all of the Democratic candidates for various offices.

The Young Democrats began their work by joining the Lucas County Democratic youth in going house to house collecting "dollars for Democrats!" They sponsored a student rally in the Doermann Theater to give students the privilege of meeting Congressman Ludlow Ashley. The members of the club worked far into the night making posters for the campaign of these candidates.

On Oct. 30, a group of their members took part in a television program to help Judge Macelwane's campaign for election as judge of Probate Court. Other members have aided Michael DiSalle in his campaign for Governor of Ohio by working at his headquarters. The arrival of Adlai Stevenson, candidate for President of the United States, in Toledo was an important day for the Young Democrats of the University. An official welcoming committee composed of Carmella Kaiser, Sue VanderPloeg, Eldora Pappas, Ginny Humphreys, Pat Rankin, and Brooke Clarke greeted him. Mr. Stevenson was presented with a picture of himself which was drawn by Leo Puccetti, a member of Young Democrats.

Carmella Kaiser presided over the group as president; she was assisted by Kathy Smith, first vice-president; Tom Hart, second vice-president; Nancy Gall, recording secretary; Pat Rankin, corresponding secretary; Cathy Wimmenauer, treasurer; Darrilyn Schluter, assistant treasurer. The advisers for the group are James O'Shea and Verne Schonert.

# ASCE

THE PURPOSE of the American Society of Civil Engineers is to acquaint its members with the professional world of engineering by beginning those contacts and associations which, continued through life, are so valuable to the practicing engineer. Chapter members conduct chapter activities, hold office, secure outside speakers, and visit engineering works under construction. The officers were Raymond Thuel, president; Edward Kelly, vice-president; John Wetstone, secretary; and David Young, treasurer. C. C. Ackerman was the adviser.

# ASME

TO UNITE STUDENTS in a program of discussions, plant trips, and lectures supplementing their undergraduate curriculum is the purpose of the American Society of Mechanical Engineers. The most important events of the year included the annual convention in Cincinnati and the Engineering Smoker sponsored by all the engineering societies. This year the organization was under the able direction of Paul Stephan, president; Rodney Henning, secretary; and Frank Lentz, treasurer. Milton Netter, Jr., and George Pankratz were the advisers.

# Canterbury Club

TO PROMOTE A BETTER understanding of the faith and practices of the Episcopal Church and loyalty to its corporate life is the goal of all the members of the Canterbury Club at Toledo University. To further this aim, the club encourages association with similar clubs across the nation, and with their sponsoring organization, the Church Society for College Work.

Any full-time University of Toledo student who is either a confirmed member of the Episcopal Church or merely a person wishing to learn of the life and work of the Episcopal Church is welcome to become a member.

Leading the club as officers for the year were Karen Fortune, president; Kathy Hunter, secretary; Bob Howard, treasurer; Tom Shepherd, devotions chairman; and Barbara Bennawy, program chairman. Grace Cutler of the University's faculty and the Reverend Allen Reed served as the advisers for the organization. Mr. Reed is also the counsellor for the Protestant students on the campus.

# El Ed Club

THE ELEMENTARY EDUCATION CLUB of the University of Toledo is open to all students enrolled in the College of Elementary Education. The objectives of the organization are to give students in elementary education a better understanding of the field, to exchange ideas between those preparing for teaching and those who are already teachers.

The year was started out by a successful membership drive which promoted interest and helped the club gain many new members. The officers for the year were Nancy Dielman, president; Pat Downer, vice-president; Gay Jean Frye, secretary; Carol Hischka, treasurer. Dr. Carver, Dr. Marine, and Dr. Stephens were advisers.

The principal El Ed projects this year included a Crippled Children's Party, a Critic Teacher's Tea, and an open house for high school seniors.

# International Students Association

THE PURPOSE of the International Students Association is to acquaint students at the University, who are from foreign countries with North American environment and community and campus life, and to acquaint students who are United States citizens with the beliefs, customs, and diversities of people from other countries. In accomplishing this purpose, the ISA fosters genuine international understanding and respect for others through free discussion, association, and fellowship among all of its members. The members of this group devote themselves to the cause of international cooperation.

Any University of Toledo student, in good standing, who will pledge to make the purpose of the association their personal aim and responsibility, can become a member. The meetings are held at least once a month.

The administration of ISA is in the hands of an executive council consisting of four members who are elected at large by the members. Two of these officers are always nationals of countries outside of the United States dependencies. This year's executive board consisted of Bob Howard, Nasr Khan, Demetrio Saer, and Homayoon Saghafi. Serving the organization as their secretary was Dian Carstensen.

Two of the projects which the association has sponsored are a variety show and a campus wide dance.

**PYRAMID CLUB:** Row 1: L. Chatman, J. Jones, L. Abernathie, J. Macklin. Row 2: J. Griffith, P. Rhodes, B. Barnes.

# Pyramid Club

THE PYRAMID CLUB attempts to maintain high scholastic standards, to train girls in the ideals, purposes, and functions of Delta Sigma Theta sorority, and to foster understanding and sisterhood among its members. A girl must be a full time student at the University of Toledo to be a member. Meetings are held weekly in members' homes. The group attempts to live up to its motto "To attain all that is noble is our goal."

# Phys Ed Majors

THE PHYSICAL EDUCATION MAJORS Club, open to women who major or minor in phys ed, betters relationships between the community and the University. This year they had a splash party, a Thanksgiving project, and a Christmas party. A family night, to acquaint parents with the curriculum, is sponsored every two years. Officers were Helen Schlorb, president; Arlene Swiergosz, vice-president; Carol Smith, secretary; and Jane Bauman, treasurer.

**PHYSICAL EDUCATION MAJORS CLUB:** Row 1: P. Cartlidge, J. Douglas, A. Swiergas, F. Bernholdy, V. Brenneman, J. Bauman. Row 2: M. J. Ray, A. Zielinski, H. Barkimer, C. Cain, P. English, J. Mayhugh. # OSPE

THE PURPOSE OF the Ohio Society of Professional Engineers is to give future engineers the chance to associate with members, faculty, and professional engineers. Activities were plant tours, and a state convention. They elected John Unruh, president; Raymond Thuel, vice-president; Donald LeRoux, secretary; John Vorbeau, treasurer; Russel Dunipace, corresponding secretary; and had Professor Ackerman as adviser.

# TU Vet's Club

SUCCESS IN COLLEGIATE endeavors is the aim of the members of the TU Vet's Club. The over-all objective is to promote the betterment of the University and aid veterans in taking their proper place.

Officers were: Richard Lafleche, president; Thomas Szymanski, vice-president; Barney Jesionowski, Secretary; and Don Simon, treasurer. Under their leadership, membership doubled in a successful year.

TU VETERANS' CLUB: Row 1: G. Bowers, P. Flis, L. Trondle, G. Squire, F. Loo, Mrs. Gagnon, R. Lafleche, D. Simon, B. Jesionowski, T. Szymanski, R. Thuel. Row 2: W. Fuller, N. Scheckler, J. # WRA

THE WOMEN'S RECREATION ASSOCIATION this year was under the capable guidance of Mary Jane Ray, president; Victoria Bowes, vice-president; Judy Burke, secretary; and Nancy Dielman, head of sports. The adviser for the organization was Miss Lamora Mueller. The yearly schedule contained a National Convention in Lincoln, Nebraska, and a state convention which met at Otterbein College.

The activities of the Women's Recreation Association ranged from team competition to individual play, from vigorous sports to the less active, from a freshman mixer to seasonal award dinners. Team sports that the women competed in were basketball, volleyball, and softball. Individual sports such as fencing, modern dance, and archery stressed finesse and grace. None of these required a particular background, but interest was important. Remaining sports for competition were field hockey, golf, riding, swimming, and tennis.

# Wesleyan Club

THE AIMS OF THE Wesleyan Club of the University of Toledo are to unite all of the Methodist students on the campus for the purposes of getting better acquainted and develop good character and high ideals through the planning of worship services and social activities together. The organization is linked with all the Methodist Fellowships on other university campuses throughout the United States, and is affiliated with the Toledo District Methodist Office. The organization's meetings are held in the local Methodist churches.

The group launched into its activities for the year by cooperating with the other campus religious organizations to plan the annual Campus Conference on Religion. The members also participated in the holiday convocations.

"WE FELT RELIEVED and somewhat bewildered when rushing was over. When final bids came out we were exuberant, and began to be relaxed when we walked in the Union. The pledge pin felt good as we wore it for the first time, but we were quickly caught in the confusion of pledgeship. We were not shunned by the actives, but treated with reserve. Then the big day finally arrived. We were actives, Greeks. We felt completely sure of ourselves and began to understand the real meaning of brotherhood. It meant Tuesday night meetings, Triad Dance, serenades of the newly pinned, floats, 'teas,' and drinking together at LeRoy's. But foremost it gave us a helping hand and a way of life. Brotherhood became the essence of our 'college lives.' "

# Panhellenic Council

**LU ANN MOYER,** President

THE PANHELLENIC COUNCIL, composed of one junior and one senior representative from each sorority, serves as the official governing body for the eight campus sororities.

Beginning their typically busy year, Council members sponsored their tea for prospective rushees and then ushered the freshman women on a conducted tour of the sorority apartments. Besides this, Panhellenic members participated in Greek Week festivities and topped off the season with a work shop.

Lu Ann Moyer was the Council president; Selma Salzman, secretary; and Jackie Noss, treasurer. Dean M. Kathryn Schwab was the group's adviser.

Through Panhel the sorority rushing rules are compiled and the girls enable sorority women to see that being a "greek" is one of the essentials of a happy, well-rounded college life.

# Interfraternity Council

AGAIN IFC SHOWED ITSELF to be an agency of great importance as many innovations were introduced. Among the most important was the new system of rushing. The IFC program this year allowed pledging immediately after school began. The eligible rushees were those who graduated from the upper third of their high school graduating class. The remainder of the freshman class who were able to get a one point were eligible to pledge second semester.

IFC also participated in launching Greek Week in conjunction with Panhel, and sponsored Men's Songfest at the Peristyle in April. As in the past IFC sponsored its traditional sports program. To the winning fraternity went the coveted Participation Trophy.

The officers were Marv Davis, president, and Tom Zraik, secretary-treasurer. The adviser was Dean Donald S. Parks.

"DO OR DIE FOR ALPHA CHI!" What did the girls of Alpha Chi "do"? Alpha Chi campus leaders include such girls as Jill Harshbarger, president of the YWCA and Sue Riedeman, president of FTA and Blockhouse Layout Editor. These girls were members of Who's Who.

Other "Doers" of the Alpha Chi's were Marilyn Buschman of Theatre and Marge O'Leary of the Tower. Alpha Chi beauties who brought pride to the wearers of the Lyre were Charla Kinney, Scabbard and Blade Queen, Kathy Koester, Homecoming Queen candidate, and Jackie Noss, 1956 ROTC Queen attendant.

Fraternity parties such as those with the Alpha Sigs and TKE's and Founders Day banquets made up a part of sorority life for the Alpha Chi's, as did the "Silver Serenade" and the fun of the Campus-Wide Party.

REMEMBER? . . . When Anita spent open house holding up the cornice so rushees wouldn't be conked? Or when Tom Zraik pulled the "dinner bell" at cottage to wake up sleepy Alpha Chis and summoned the volunteer fire department instead? Or when the record player decided to stop playing in the middle of the Alpha Chi All-Campus Party and a pantomime turned to a solo? Or the time two Alpha Chis were late for a TKE party . . . so late that no one was at the TKE house but TKE's? And remember the locker by the board that had eight occupants and no lock? AOPI DREAMS ARE MADE OF . . . Memories of happy hours in apartment 12 . . . Hours set aside from the whird of activities which found Lila Miller as a Pepper and Marian Adamski as secretary of the freshman class . . . Dreams brought about by the work done by Senior Editor of the Blockhouse, Jane Schultz, and Dorm president, Beth Bollin.

The dreams are filled with the memories of cottage, the 13 stolen bathing suits, and the door with no key, which had to be barricaded with a piano. They bring memories of the "Barefoot Barbecue" with the Sig Eps and Jae Ann (Seegar) Newton.

But best of all are the dreams of the friendship of the AOPi's, symbolized by the sheaf of wheat in the pledge pin and the strains of "The Roses Glow" sung to an AOPi on her wedding day by her sisters.

CHI OMEGA, two little words that hold a world of meaning. Words that meant winning first place in Songfest, first place in scholarship among sororities, the selection of Doris Moore as Homecoming Queen, four members of Peppers, and five of Who's Who.

Chi Omega brought to the fore such leaders as Mary Lou Manor, Who's Who, Peppers, student senator, and Fine Arts prexy. It was a Chi O pin on queens: Sig Ep sweetheart, Jeanne Singlar; Homecoming candidates Shirley Britton, Ann Artley; ROTC Queen attendant, Anne Schlicher Tackus; Pi Kappa Phi Rose Queen, Bev Shertzer.

Holding offices in campus organizations were girls of the Cardinal and the Straw such as Claudette Haddad, FTA vice-president; and FTA recorder, Linda Baker. Barb Burgmaier was president of Phi Alpha Theta and Nancy Dielman was president of the El Ed Club.

WHIRLING KNEES in the bicycle race and animated tongues lapping up pies teamed with a strong arm in the baseball throw placed this sorority on top in the Sig Alph Olympics. These memories along with the pride in the third prize winning Homecoming float make Kappa Deltas proud to wear the pearl and emerald encrested, diamond-shaped pin which signifies their love for their sorority.

Mary Henkel was not only a handy girl with a bicycle, but she was also secretary of USA, a student senator, and a member of Who's Who. She shared leaders' honors with sisters Helen Schlorb and Ada Wolferman of WRA, Penney Burkey, head of the Women's Rifle Team, and Dorothy Brimmer of the Ellen H. Richards' Club.

These things and others made the grey and green living room of apartment 16 the hub of KD college life.

WHAT'S A PI PHI? A Pi Phi is a leader such as Lu Anne Moyer, Panhellenic Council president; Mary Jane Ray, WRA presidenr; and Nancy Ohler, student senator. She is a publications member like Carol Johnson of the Blockhouse and Nancy Gauthier of the Collegian. She's an advocate of school spirit such as Gretchen Vobbe and Tam Townsend, cheerleaders.

She is a talented beauty such as Jean Coleman, member of Sigma Delta Pi and the Blockhouse staff who was also chosen as one of the Homecoming Queen's Court. She may be a frarernity sweetheart such as Linda Mayo, Sig Ep Christmas sweetheart and Collegian society editor. She may be a Pepper or Who's Who member as are Donna Taylor, Pat Moulton, Miss Ray or Marcia Bruggeman.

Whatever honors she attains, she will proudly wear the golden arrow pointing to the high ideals of Pi Phi.

RECIPE FOR A HAPPY ZETA. Set aside the ingredients which make for an active girl such as president Janet Gettel who is busy in the Tower office daily. Blend well with rushing, pledging, a Christmas formal, a mother-daughter banquet, and a senior picnic. Add a dash of fun in the form of the annual mid-semester slumber party and sprinkle with the customary amount of apartment cleaning and fraternity parties. Fashion in the mold called "sorority life" and place in apartment 32. Bake slowly over a ten year period on the TU campus and the following will be the product: the TU chapter of Zeta Tau Alpha complete with fourth place in the Homecoming float parade, third place in the 1956 Songfest and the Panhellenic Scholarship Cup for the year 1955-56.

This is the recipe for a happy Zeta.

Sisterhood reached its peak as the revolving kaleidoscope found Sigma Pi Deltas donating 75 books to the University in memory of a former adviser, and giving a trophy to Panhellenic Council to be presented each year to the sorority with the highest point average.

FUN AND GOOD TIMES prevailed as the brothers met on second level of University Hall and talked over the day's happenings at a friendly game of cards.

The men of Alpha Phi Alpha believe in the motto, "All for one, and one for all." One hundred and fifty chapters met during August at Buffalo, New York and planned for the advancement of the national fraternity.

This year, the A Phi A's participated in interfraternity athletics for the first time on the University of Toledo campus. During the course of the year, high school career clinics and youth day services at churches were conducted throughout the community.

The men in the fraternity could be easily recognized by the high standing in the community and on campus. "Progress and achievement" was the keynote for the year.

AT TIMES IT'S DIFFICULT to achieve a perfect balance between scholarship and social life, but the men of AEPi seem to know how.

It takes a big dance, as "Grecian Holiday," which has become a campus tradition, and date, sorority, and stag parties at the house. It takes something like a terrific pledge class to add the typical pranks and keep the active chapter on its toes. It takes a fine sports program and campus leaders, such as Ron Greenbaum, Blockhouse Business Manager and Bill Millman, SUBG president, who were members of Blue Key and Who's Who, and senators like Jerry Zlotnik and Stan Odesky, who was also Blockhouse sales manager. Add the prestige of being one of the top chapters in the nation plus the campus scholarship trophy and you have the perfect balance—Alpha Epsilon Pi.

THE AEPI'S HAVE THEIR MOMENTS, as when the pledges borrowed some bricks which were to go into the new union, when Bill Millman was tossed into a canal at Side Cut Park, and frequent attempts to get a good spread on the Collegian sports page.

There always seemed to be a "big deal" cooking, for the more ambitious brothers, such as "Bullmoose" and Ron Greenbaum, who were constantly coming up with new ideas on how this and that should be done. Questions appearing each year included such gems as, "What happened to all those pictures taken at the Grecian Holiday?" and "When is that band going to get here?"

LAUGHTER TO THE TUNE of tinkling tea cups provided the background music as the Sigs launched their 20th year at TU with an all-sorority tea.

Homecoming brought disaster as the Sigs' falcon suffered a broken neck and nose-dived off the float before it left campus. Boris, however, valiantly held it together through the entire parade. That evening a dinner was served by the mother's club at the house, where a newly-plastered ceiling was featured — the tub ran over.

The Sigs played major roles in theatre productions, relaxed at LeRoys, and were active on campus. Jameel Sadd, a member of Blue Key, and John Lindemulder, theatre president and Collegian Feature Editor, were named to Who's Who. Basketball letterman Russ Bierely; dorm president, Jack Henson; and Ray DuShane were senators.

"WE JUST WANT TO PLAY FOOTBALL" . . . that's what we told the cops. But when they saw thirty men scaling the stadium wall, it was hard to convince them that everything was on the level and that it was just another annual Pike-Phi Psi Jug Bowl game. The result was a hard fought 6-0 victory, in very miserable, lets-go-home weather.

The Lake Erie Island party . . . was quite an event. Social life also included field trips through the Union, sipping beer at the Lincoln, and rowing to treasure hunts along the lakeside. Miss Jane Fenner of Pi Beta Phi was Phi Psi's candidate for Homecoming Queen. Brother Stewart's cottage was the scene of a roast given in the candidate's honor.

Phi Psi leaders on campus were Dave Stewart, senator and Norm DeMars, Associate Editor of the Blockhouse.

THE MEN OF THE GARNET AND GOLD who were seen walking the narrow halls of old TU shouting "shake 'em up," and waving confederate flags at one-sided football games are known as the Pikes.

These chivalrous lads were famous for pajama parties, growing beards, TGIF, and knowing beauty when they see it, as when they crowned Miss Sharon Bartley of Pi Beta Phi, Dream Girl of 56-57 at the Christmas formal.

BMOC and PiKA were synonymous. Paul Scharf was elected to Who's Who and Reeves Northrup was Collegian Ad Manager. Bob Farran was AKPsi president and Dale McVicker was on the varsity wrestling team. Bill Williams was Blockhouse fraternity editor.

Advisers were Dr. Nicholas Mogendorff, Dr. Art Black, and Dr. H. H. M. Bowman, who retired this year.

NEVER LET IT BE SAID that Pi Kappa Phi doesn't have that "old school spirit." That good old college try resulted in a successful Homecoming season as the float, with the pretty pink elephants that caused many a bleary-eyed bar fly to look twice, placed second; and the Queen candidate Miss Jean Coleman of Pi Beta Phi, was elected to the Court.

Then there was the night that a few bombed brothers decided to go into the redecorating business. This, plus a round of stag parties, formals, and campus affairs made the year one to be remembered for quite a while.

Prominent brothers included Bill Long and Bob Conley of Blue Key and Who's Who; senator Dick Davey, and IFC president Marv Davis. The advisers to the group were Mr. Richard Perry and Mr. James Ewing.

"TERRIFIC . . . NICE, REAL NICE!" Have you ever heard the SAE combo work up a number and seen how many feet were tapping? These troupers played an active part in many campus and fraternity functions.

Typical Sig Alph originality, spirit, and love of fun were shown in the annual Sig Alph Olympics, won by Kappa Delta sorority this year. Originality and hard work displayed themselves as the SAE's carried off top Homecoming Float honors and Miss Kathy Smith of Delta Delta Delta was selected to the Queen's Court.

Sigma Alpha Epsilon had its leaders too. Ted Grover, member of Blue Key; senators Tom Hart and Tom Case; Paul Driscoll, Scabbard and Blade president; Jim Ernst, varsity football player, and basketball men Jerry Eitzman and John Arkebauer all contributed to Ohio Nu's greatness.

SUCCESS AND PROSPERITY were the keynotes of the year as the SAE's continued to excel in fraternity life. Sig Alph Olympics and the SAE combo once again focused the eyes of the campus on the Warren Street lions. Hustle and spirit remained high as the brothers celebrated another eventful year.

"COLLEGE DAYS ARE WELL SPENT if you belong to the fraternity that wears red vests." And how true this was—as 70 men stood around the raging bonfire cheering when their candidate, Miss Doris Moore of Chi Omega was announced Homecoming Queen—as 25 pledges filed into the "house with the pillars" when the familiar red door was opened this fall—as "Marryin' Monske" presided at 5, 10, 15, and 25 cent weddings at the first annual "Sadie Hawkins Day" party with the Tri-Delts, who cornered many Sig Eps up in a tree—as Phil Flis, Blue Key member, was named Collegian Editor and with Jack Gollan, Senate vice-president, and Jim Green, Collegian Business Manager, was elected to Who's Who.

These are the men who are spending their college days in the house with a heart.

FROM THE IVY-COVERED WALLS of University Hall to the old yellow house at 2303 Putnam, you can't find a more solid group of men bound fraternally than TKE.

You'll find Tekes all over campus. This crew likes to work together and never seems to give up. From those who planned the Street Dance, to the social chairman who advertised the Pajama Party by hanging a mattress and bed sheet in front of the house; from the pledges who stole the front door and threatened to hang it from the Tower, to the BMOCs, Dan Saunders and Fred Gawecki, senators; Don Saunders, senior class veep; and Jim Kwiatkowski, Blockhouse Editor—all in Blue Key and Who's Who—Marty Fisher, sophomore president, and Bob Cosgrove, Tower Managing Editor, you'll find the Halls of Epsilon a home of solid brotherhood.

"ALL THE KING'S HORSES, and all the king's men, couldn't keep the Theta Chi's from winning the intramural football championship this fall." But this spark did not go out as the Oxmen placed second in fraternity volleyball, and they looked for a versatile athletic program all year.

Rumpus raisers for the past year included a stag beer blast, a Hallowe'en Party, and pledge-active "relations". And did you hear about the Prohibition Party? Flapper co-eds and dapper dans harmonized and wondered how Mom and Dad ever did that Charleston.

The great big, hairy-chested men from Theta Chi were represented on campus by such men as Ken Keller of Who's Who and Blue Key, and Leo Puccetti and Andy Kristoff of the Collegian.

"AT THIS STAGE OF THE GAME we have mixed emotions. We've studied hard and we're happy to be getting out: But then maybe we're not so happy after all. We could have studied harder, and we're not overjoyed at the thought of going out into that 'cruel, cruel world.' Here we had security. If we made any 'mistakes,' we just took the course over again. And we would rather have 'banker's hours,' than work from 8 to 5. But then we're tired. We've done our bit. We've tried our hand at activities, joined various organizations, cheered at the games, and have worn a pin. These are the essences of 'college life' which we have known and which we have taken part in. These are the things we'll always remember."

# President Knowles

DR. ASA SMALLIDGE KNOWLES began his seventh year in January, 1957, as the ninth president of the University of Toledo.

A native of Northeast Harbor, Maine, Dr. Knowles received his college training at Thayer Academy, Bowdoin College, Harvard Business School, and Boston University. He holds the degrees of bachelor of arts and master of arts. The honorary Doctor of Laws was awarded to Dr. Knowles by Bowdoin in 1951.

He was dean of the College of Business Administration at Northwestern University, dean of the School of Business Administration at the University of Rhode Island, and President of the Four Associated Colleges of upper New York. Prior to his appointment as president of the University of Toledo, he was vice-president in charge of University development at Cornell University.

Aside from complex and precise duties, Dr. Knowles also has time for students who wish to discuss problems with him. They find him to be a sympathetic listener. His enthusiasm for TU has made the people of Toledo more aware of its importance in higher education.

Dr. Knowles is a member of Phi Kappa Phi, Beta Gamma Sigma, Tau Beta Pi, Blue Key, Chi Psi, and Alpha Kappa Psi. He is the author of several textbooks and articles on industrial subjects. He is the co-author of the books, *Industrial Management, Production Control,* and *Management of Manpower.*

President and Mrs. Knowles, the former Edna Worsnop, and their daughter, Margaret Anne, reside on campus. They also have a son, Asa W. Knowles, Jr.

# Board of Directors

THE BOARD OF DIRECTORS of the University of Toledo is composed of prominent residents of Lucas County who have been appointed by the Mayor of Toledo. The Board is responsible for setting the general policy by which the University is governed and operated.

President of the Board is Walter A. Eversman, who has held the office since 1948. He has been a member of the Board for 14 years, his first appointment being in 1943. Nolan Boggs, a member since 1936, serves as vice-president of the Board. John D. Biggers and James P. Falvey, new appointed to the Board, are experiencing their first year as members of the Board of Directors.

G. Kenneth Keller, active in University affairs since 1932, has served the Board for 25 years, devoting his time and experience to the legislation of the University. Ward M. Canaday has been prominent in Toledo business affairs for many years. He was appointed to the Board in 1953. Preston Levis, a member of the Board since 1954, is also chairman of the Board of the Owens-Illinois Glass Company. Jules D. Lippman has been active in Toledo civic affairs and a member of the Board since 1948.

The Board appointed Mrs. Arthur L. Zepf as a member in 1954. Serving as Secretary to the President and the Board of Directors since 1952 is Miss Mary Curtas.

The Board members meet once a month to discuss the affairs and activities at the University. Frequent meetings are also held throughout the school year to set general policy for the operation of the University.

# College of Arts and Sciences

THE COLLEGE OF ARTS AND SCIENCES was organized in 1909. It provides its students with a general background of knowledge in basic courses for their first two years. The last two years cover a specialized course, preparing the student for his specific field. Most of the students in the college are preparing for further study by taking these majors: Pre-Medical, Pre-Dental, Pre-Veterinary, Pre-Pharmacy, and Pre-Law work. Home Economics and Medical Technology courses are also taught, with the Art major being instructed at the Toledo Museum of Art. Medical Technology students intern in Toledo hospitals after completing three years of work in the College of Arts and Sciences.

The present department of biology was organized by Dr. H. H. M. Bowman with a laboratory in the Medical building at Cherry and Page Streets. By 1930 the preparation of students for medical and dental schools had become a special feature of the University. That University of Toledo students achieve excellent results in medical schools throughout the country is a recognized fact which adds prestige to the College. Dr. Bowman, with his years of hard work, the main reason why the University has one of the finest biology departments in the country, retired this year after over 40 years of service to the school. He is a graduate of Franklin and Marshall College and the University of Pennsylvania. The head of the College is Dean Andrew J. Townsend.

# College of Business Administration

THE COLLEGE OF BUSINESS ADMINISTRATION, founded in 1930, provides its students with a broad background of knowledge enabling them to enter into the business world and obtain a secure and responsible job. Graduates are placed in executive, supervisory, and technical positions in the varied fields of modern business, also including placement in such other fields as public enterprises, non-business organizations, and government agencies. Fundamentals of organization, policy formation, supervision, finance, accounting, office management and selling to the public are stressed in the classrooms. The departments which help to prepare the student to meet these demands are Accounting, Commerce, Finance, Journalism, Management, Marketing, Secretarial Studies, and Statistics.

Modern business equipment and machines are maintained in the college to help the student familiarize himself with their complicated operation. Close relationships with commercial and industrial organizations are maintained to guide the students in their specialized fields of study. It is recognized that technical skills are usually most in demand for the first few years after graduation and that the arts of administration measure the development of the individual's work in later years. Dr. Clair K. Searles, dean of the College of Business Administration, received his B.A., M.A., and Ph.D from the University of Michigan.

# College of Education

THE COLLEGE OF EDUCATION has the largest enrollment of any college in the University. It was organized in 1915 for the purpose of preparing students for the teaching profession. Both secondary and elementary courses are in the curriculum, including vocational education. Offered at the Toledo Museum of Art, in conjunction with the College of Education, are special courses in drawing, designing, painting, and art appreciation. The college also provides in-service training for teachers already in the public schools. Students enrolled in the college practice teach in Toledo. Graduates from the College can obtain teaching certificates in almost every state, though most of them find positions in Ohio and Michigan. The Teacher Placement Bureau, which is associated with the University, gives the students first placement positions in the Toledo and Lucas County area.

The graduate division, which has been continually expanding over the years, offers the qualifiers of this program a chance to secure advanced teaching positions. They can also obtain assignments in administration and supervision of the schools.

Most of the progress made in recent years was due to the unceasing effort of the late Dean David W. Henry, who became dean of the College of Education in 1919. After his retirement in 1955, he was succeeded by Dr. Lewie W. Burnett, who is the present dean of the College. Dr. Burnett holds the degrees of Bachelor of Arts and Doctor of Education.

# College of Engineering

DEAN EDWIN D. HARRISON

THE COLLEGE OF ENGINEERING was established in 1931 to prepare students to fit into present and future industrial and community life, and to provide a basis for graduate work in specialized fields. Offered in the College are four-year courses which will lead to a Bachelor of Science Degree in Chemical Engineering, Civil Engineering, Electrical Engineering, Engineering Physics, and Mechanical Engineering. Aeronautical Engineering and Industrial Engineering are offered as options of the Mechanical Engineering program. 60 per cent of the work is common to each course, with the remaining work depending on the student's specialization in his particular field. Study in mathematics, science, and the humanities are included in the required curriculum to give the student a broader background and an understanding of the social aspects of his field.

The Engineering department has made rapid expansion in the last few years.

Numerous scholarships and awards are available to qualifying engineering students. Among these are the Woodward Engineering Society Alumni Association Scholarship, the Frederick Flader Inc. Scholarship, the American Society of Tool Engineers Scholarship, and the Hausman Steel Company Award. The Institute of Silicate Research, established in 1952, engages in basic research and, in collaboration with the Graduate Division, offers programs leading to the Master of Science degree.

# College of Law

DEAN CHARLES W. FORNOFF

THE COLLEGE OF LAW received final approval of the American Bar Association in 1914, and has been a member of the Ohio Law Schools. The curriculum is devised to give the pre-law student a broad background for entering modern law practice. The degree of Bachelor of Laws is conferred upon students who receive credit for 76 hours of law work.

The faculty is staffed with full-time members and with members of the bench and bar of Toledo in order to equip the student with a wide-spread field of law experience. Courses in subjects included in the Ohio State Bar examinations are offered regularly, but instruction is not hampered by undue attention to local law. The graduates of the college have had a very high percentage of success in passing bar examinations in Ohio and neighboring states.

The College of Law has a carefully selected library of over 26,000 volumes which is growing steadily with purchases and many gifts. Its collection of legal periodicals is the largest in northwestern Ohio. The moot court room, named in the memory of the late Dean Charles W. Racine, is one of the most modern and best equipped law school courtrooms in the United States. Valuable experience in both appellate and trial court work is gained here. Dr. Charles W. Fornoff, dean of the college, received his B.A., M.A., and J.D. degree from the University of Illinois.

# College of Pharmacy

ON JANUARY 10, 1938, the Division of Pharmacy, one of the oldest colleges at the University, was separated from the College of Arts and Sciences and established as a separate college. A class "A" rating has been given to the University College of Pharmacy by the American College on Pharmaceutical Education, which is the highest rating possible. The College has laboratories for Pharmacology, Pharmacognosy, Pharmaceutical Chemistry, Pharmacy, and a research laboratory. The demand exceeds the supply of workers in the field of pharmacy. The high type of education provided by the colleges of pharmacy has opened up interesting careers in the profession, and the University of Toledo has trained its pharmaceutical graduates to fit right into the modern advancements in this field.

Pharmacists are employed in analytical laboratories, commercial pharmacies, hospital pharmacies, and industrial manufacturing plants where control and research are required in the preparation and further development of medicinals, antibiotics, biological and glandular products and insecticides. Many more pharmacists are engaged in pharmaceutical education. The Federal Government now employs pharmacists in the Army, Navy, Food and Drug Administration, Bureau of Narcotics, and Public Health. And Pharmacy as a career for women is being fully realized. Women function well in all phases of the field, particularly in hospital dispensing, research and control laboratories of pharmaceutical manufacturers, and in the retail practice of pharmacy.

# Junior College

TO EDUCATE STUDENTS who do not have the time or the opportunity to complete a four year course is the design of the Junior College. The College offers certificates of Associate in Arts, Associate in Business, or Associate in Industrial Science. A student, who, at the completion of his two year course wishes to transfer to a four year course, may do so with the permission of his dean. Junior College members have the same privileges of participation in student activities as have those in the other colleges. Many of the courses in the Junior College programs are offered in the evening sessions and in the summer sessions as well as in the day session. Students may fulfill the requirements for the certificate on a part time basis within a period of five years. Standards of scholarship in the Junior College are identical to those required by the degree colleges for students of freshman or sophomore rank.

# Graduate College

THE GRADUATE COLLEGE was established at the University of Toledo in 1912. Graduate work in the University leads to the degrees of Master of Arts, Master of Sciences, Master of Business Administration, Master of Education, and Master of Industrial Engineering. Graduates of this University or of another college or university may apply for admission to candidacy for a graduate degree and may carry courses toward the fulfillment of the requirements in the fields in which they are qualified to do advanced work. The Master's degrees are not granted simply as rewards for completion of class assignments in a specific number of courses. They imply superior academic achievement and ability to carry forward independent and original projects in a specialized department of study. Before graduate work is undertaken pre-approval blanks must be secured from the Director of Graduate Study, who is Dr. Paul W. Stansbury.

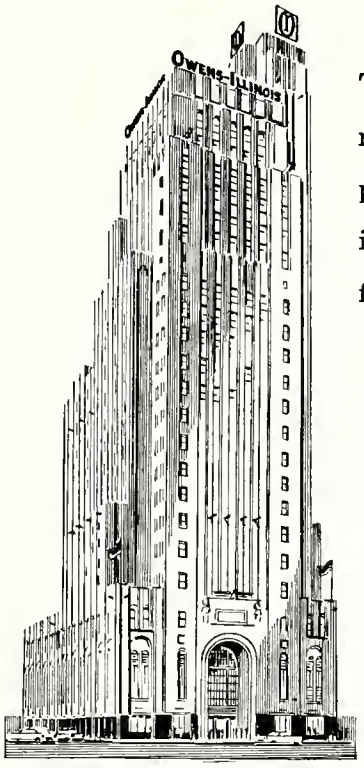
## in TOLEDO—Glass Center of the World

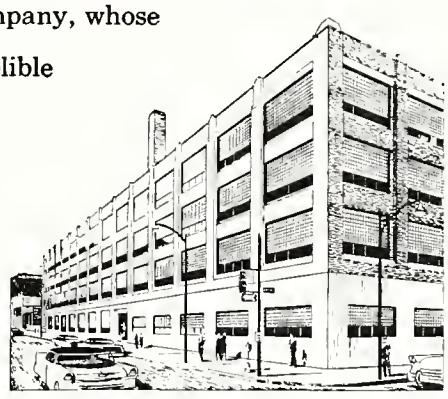


**Owens-Illinois Building**
**Madison & St. Clair**

*More than 1,000 Toledo-area residents work in the O-I General offices—directing activities of 27,000, coast to coast.*

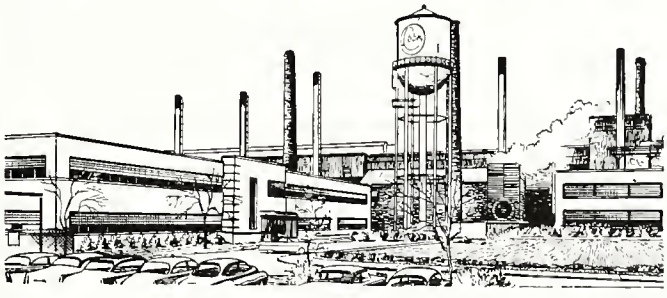
These four buildings reflect the technological achievements of Owens-Illinois Glass Company, whose physical growth has left these indelible impressions on the industrial face of Toledo.

**Duraglas Center**
**14th & Adams**



*Customer service facilities, staffed by nearly 500, offer Owens-Illinois customers the advantages of specialized package design, product and packaging research, and marketing services.*

**Libbey Glass Division Plant**
**Ash & Champlain**



*Home of fine Libbey table glassware, this manufacturing plant employs more than 1,200 and is one of 31 Owens-Illinois plants across the nation.*

**Owens-Illinois Technical Center**
**1700 North Westwood**

*The world's largest and most complete glass research facility, housing 500 scientists, engineers and technicians.*

# The Quest for Quiet!

**The human ear** is an amazing instrument. And up to now it has served its purpose admirably. But there are those who doubt that it can continue to withstand the onslaughts of the world as it is today.

Why? Because man—in becoming a mechanized animal—has created a world of roaring racket. Each step in his progress seems to bring with it higher levels of noise. And noise is a killer. It annoys, it distracts, it can impair health.

A most valuable aid in this fight against noise is Fiberglas* Insulation. It's a highly efficient acoustical insulation . . . countless millions of sound-absorbing dead air spaces are trapped in every cubic foot. Furthermore, it's rot-proof, fire-safe, and dimensionally stable. And, it's versatile in its applications . . . a few of which are shown on this page.

**Where noise can't talk back!** Testing some of General Electric's giant creations requires special anechoic chambers. While that piece of equipment thunders and roars, the room —thanks to Fiberglas Insulation—is actually echoless and 99% sound absorbing.

**Taming a jet's scream!** Roaring jet engines create one of today's most serious noise problems—particularly when they're tested on the ground. But special test cell baffles—equipped with Fiberglas Insulation—hush the roar to bearable levels.

**New kind of drumhead!** A "drumhead" of plastic on Fiberglas Sonofaced* Acoustical Tile transmits sound back into the core of Fiberglas Insulation—where it is effectively absorbed. The tile is easy to clean—comes in six colors and a variety of sizes.

**Fiberglas Sound Control Products** come in many forms—tiles, boards, baffles, and blankets. For further information, write to Owens-Corning Fiberglas Corp., Toledo 1, Ohio.

## *Glass Has Made A Difference*

Now is the time to reflect upon the "good ole' days" in school—the many friends, your favorite teachers, sports and dances and parties. But when looking at today's school architecture, we think you'll agree that glass *has* made a difference!

Here's picture-proof that school corridors don't have to be dark and dreary tunnels. No longer must walls be solid and opaque. Today, more attention is being paid to daylight and view.

When reflecting upon the advantages of this glass age, we think you'll agree that the "good *new* days" are better.

Project "U" at Auto-Lite...

# YOUR FUTURE IN ENGINEERING

**AT AUTO-LITE,** no plans for the future are more important than the plans for an engineer's advancement and for the best development of his professional capacities. Part of this Auto-Lite philosophy is to have new engineering personnel work in close association with experts in engineering, research, and production.

Naturally, the Auto-Lite employee benefit program is equally far-sighted with advantages unmatched in industry. You benefit by a carefully supervised salary review plan which assures you maximum opportunity.

In Toledo, Cincinnati, Los Angeles, Syracuse, Niagara Falls, Atlanta, and in 17 other cities, Auto-Lite has 30 plants where you can enjoy the feeling of growth and major accomplishment.

For information about the company offering the most in security, responsibility, and pleasant living conditions, write today to Mr. R. D. Wisbon, The Electric Auto-Lite Company, Toledo 1, Ohio.

## The NEWEST ADDITION
## to the 'JEEP' family of 4-wheel-drive vehicles

Meet the world's newest, most efficient 4-wheel-drive Truck—the all-new Forward Control 'Jeep' FC-150 with the ultra-modern new-style look, the new feel and surge of tomorrow.

The FC-150 and the other 'Jeep' vehicles built by your friends and neighbors at Willys Motors, have a worldwide reputation for willingness to take on the toughest kinds of jobs!

With the extra traction of 4-wheel-drive, 'Jeep' vehicles go through bad roads or no roads at all, where ordinary vehicles can't go. With power take-off, they operate all sorts of equipment from winches to trenchers.

Because of famous 'Jeep' stamina—because 'Jeep' vehicles have won such universal acceptance from industry, business, agriculture and government in our own and many other lands—all Toledo may be justly proud of the 'Jeep' family of 4-wheel-drive vehicles.

and the many others, without whose help and understanding we could never have published the 1957 Blockhouse.

# From the Desk of the Editor

AND SO, HISTORY REPEATS ITSELF for the 35th year in a row. The 1957 edition of the Blockhouse is finished and takes its place among the other volumes on the library shelf to gather dust until 10 years from now, when some freshman will pick it up and laugh at the funny clothes we wore and find all the mistakes we missed.

Perhaps this freshman will read the book in its entirety and find out what student life was like at the University of Toledo in 1957. This is what we, a bunch of amateurs, trying to be professionals, tried to do — give as complete a picture of the typical college student as possible.

The 1957 Blockhouse is the combined effort of about 30 people who slept on the average of three nights a week; lived on coffee and cigarettes when they were completely broke; wrote copy, typed copy, and rewrote copy. They sold ads, sold books, painted posters, ran all over town to the printer's, the engraver's, the binder's, cut classes, even studied, on occasion, and tenderly called the office "home" for about eight months.

These same people now laugh about the all-night deadlines, the mixed up idents, the missing pictures, the hole in the ceiling, the palm tree, the visit from Santa Claus, the Blockhouse Christmas Formal, and the bull sessions at the E & S until the early hours of the morning just so we could get the right layout on paper and express ourselves in the right words.

There were times when everyone thought the book would never come out. The copy wasn't done, the pictures weren't taken — literary dryness had set in completely. But we were always saved by ideas from friends, pinmates, tourists, advisers, freshmen, the Collegian staff, photographers, and, of course, the former editors — bless them.

Sincere thanks to the people who decided to see it through with me, for without a staff like Dan, Kathy, Judy, who we finally found out was quite "emotionally mature", Sue, Ron, the "five angels", and the many others, it would have been an impossible task.

And so, on the very last night, just as the campus cop always told us to do on his regular 2 A.M. check, we closed all the windows, shut off the lights, locked the door, and went home.

J.M.K.
"Smith"
